

A black and white photograph of a large stone quarry. The image shows massive blocks of stone being extracted, with visible vertical and horizontal lines from drilling and cutting. A blue rectangular text box is overlaid on the left side of the image.

**SPECIALISTS IN STONE EXTRACTION
MACHINERY AND DRILLING TOOLS**

www.cofeseg.com

COFESEG, COMERCIAL FELIPE SEGEDA, OVER THIRTY YEARS OF EXPERIENCE IN THE SECTOR.

Specialists in the sale and distribution of stone extraction machinery and drilling tools.

We improve the yield of stone quarries by providing the market with high performance machinery solutions, renowned for their great value for money and the pursuit of excellence in service.

“Our philosophy goes beyond that of providing products for the extraction of stone, as we provide end-to-end service to the customer, helping them boost the performance of their quarries. People are essential for this, so we have a specialised and committed human team.

I'm particularly proud of **COFESEG's** team today.
Felipe Segeda.

”

ALWAYS THE BEST BRANDS

We work with items of guaranteed quality to provide our customers with effective solutions to their needs.

That's why our portfolio features the best brands in the industry.

MAXIMUM QUALITY CERTIFICATION.

We're the first company in the industry with triple certification in **Quality Management**, **Environmental Management** and **Energy Efficiency**.

WE HELP TO IMPROVE PERFORMANCE ACROSS THE QUARRY

We work together with our customers to maximize the yield of the quarry by improving production and cutting costs.

- Installation and commissioning of equipment
- Support for the opening of new quarries
- Monitoring of production yield
- Topography and geological investigation
- Digital control of machinery performance

A TRUSTED PARTNER FOR OUR CUSTOMERS

We stand for the concept of End-to-End Consultative Selling, which goes beyond the sale itself. At **COFESEG** we believe that you can only get the greatest benefit of a product if it's suitable for the customer and meets their needs.

TECHNICAL ADVICE

We share our experience to optimise the yield of quarries.

INSTALLATION AND INITIAL OPERATION INCLUDED

We take care of installing and commissioning the equipment.

TECHNICAL SUPPORT

We provide 24/7 specialised technical support to keep your business running at all times.

COFESEG WARRANTY

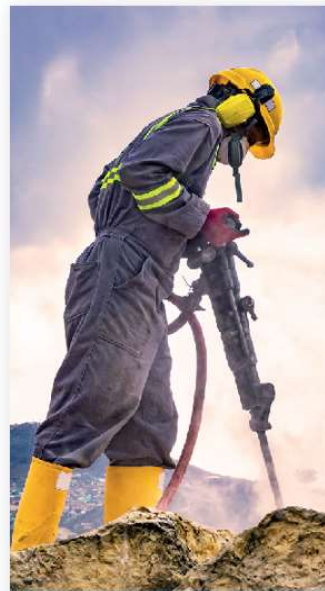

All our products come with warranty by **COFESEG**.

INTERNATIONAL DISTRIBUTION

From the outset, we've always been committed to the international expansion of our business. Today, we can export our products to customers in Europe, Asia and Africa.

A CATALOGUE OF PRODUCTS DESIGNED TO INCREASE THE YIELD OF YOUR QUARRY

ADDITIONAL
PRODUCTS

DRILLING

DRILLING MACHINES

- Pneumatic Block Cutter COF-2.4
- Hydraulic DTH Drill Neptuno 90
- Pneumatic Core Drill Metro-D

ROCK DRILL HAMMERS

- Hydraulic Rock Drills
- Pneumatic Rock Drills
- Down-The-Hole Hammers

DRILLING EQUIPMENT/TOOLS

- Integral Drill Rods
- Tapered Equipment (Rods and Bits)
- Threaded Equipment (Rods and Bits)
- DTH Button Bits

DRILLING PIPES DTH

- RD 40-50 and Api 2 2/8"

SPARE PARTS FOR ROCK HAMMERS AND DRILLING MACHINERY

GRINDING MACHINES FOR INTEGRAL DRILL RODS AND BUTTON BITS

DIAMOND WIRE SAW MACHINES

- DWS 100 HP
- DWS 75 HP
- DWS 50 HP
- DWS 30 HP
- ECONETIC IoT

DIAMOND WIRE

- Diamond Wire for Granite
- Diamond Wire for Slate
- Diamond Wire for Squaring Operations

DIAMOND SAW BLADES

- Stone Cutting Diamond Blades
- Segments

DIAMOND WIRE ACCESORIES

- Spacers, joints and beads DWS Spare Parts
- Hydraulic Crimping Tool
- Rubber Belts for DW Flywheels

ECONETIC

NEW GENERATION OF DIAMOND WIRE SAW MACHINES.

- ✓ Permanent Magnet Technology
- ✓ Energy Saving up to 30%
- ✓ IoT monitoring system

HIGH PERFORMANCE AND LOWER POWER CONSUMPTION

- New line of Econetic machines, the only ones on the market with **Permanent Magnet Technology**, which **saves up to 30%** in electricity consumption.
- Lower maintenance costs and reduced noise.
- High cutting speeds.
- Optimised use of diamond wire.
- Designed for large-scale cutting.
- Increased yield and reduced operating costs.
- **Online IoT monitoring system**, providing **24/7 real-time information** and mobile or tablet connection to the machines **from anywhere in the world**.
- Optional **digital controller**: remote control with WiFi connection.
- Warranty, spare parts and COFESEG technical service.
